All products from The Bathroom & Tile Boutique come complete with a minimum of 12 months Manufacturers Guarantee, many products are listed with periods longer than 12 months, in these cases the period listed is still a Manufacturers Guarantee.

Should any of your products develop a fault during the manufacturer's warranty period we still ask you to contact us initially, we will then advise you on the next steps. Different manufacturers have different procedures for dealing with faults, on some occasions we will deal with the replacement of goods on their behalf, some companies will only deal with customers directly so we will provide you with all the relevant contacts and information, they will then arrange repair, replacement or advise alternative procedures.

**All goods reported as faulty will be tested by manufacturers, if it is determined the goods are not faulty or if the faults are deemed to be caused by damage or abuse
